Auditors' Report

We hearaby certify that we have examined the accounts of the Selectmen, Treasurer, Tax Collector, Town Clerk, and Road Agents of the Town of Clarksville for the year ending Dec. 31, 1965 and find them to agree to the best of our knowledge and belief.

MARJORIE E. CHAPPELL

Letter to Selectmen

from the Upper Connecticut Valley Hospital Assn.

Selectmen, Town of Clarksville
Clarksville, N. H.

Gentlemen:

As President of the Upper Connecticut Valley Hospital Association, I wish to express my appreciation for the excellent cooperation of the Town during the past year. This organization was incorporated at the beginning of 1965 with the sole purpose of improving the medical facilities for the care of our people.

As you know, our project for the year was to make possible the re-establishment of full x-ray facilities to the area, and I am happy to announce that with your generous contributions we have been able to purchase an x-ray machine which was delivered to the Hospital this week and will be installed as soon as the x-ray room is completed.

At the first Annual Meeting, the Association decided that its project for 1966 would be a complete evaluation of the medical needs of this area with recommendations for the future. The Board of Directors is happy to announce that no funds will be required for this year. It is anticipated the dues received from annual memberships will provide what is necessary. It is hoped that on Town Meeting Day those citizens with an interest in this project will become active members in the Hospital Association.

Sincerely yours,
WM. H. GIFFORD, M. D.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Clarksville qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on Tuesday, the 8th day of March, 1966, at 10:00 o'clock in the forenoon at which time the polls will be open, followed by the business meeting at 2:00 o'clock in the afternoon, to act upon the following subjects:

1. To bring in your ballots for the election of School District Officers to be elected by ballot for the School District of Clarksville for the ensuing year(s).

2. To determine and appoint the salaries of the School Board and Truant Officer and fix the compensation of any other officers or agents of the district.

3. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

4. To see if the voters will vote to close the present school operated in Clarksville at the end of the current academic year and transport pupils elsewhere on a tuition basis beginning with the academic year 1966-67.

5. To see if the voters will vote to transport high school students as well as elementary school students to the Pittsburg schools.

6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.

7. To see if the district will vote to accept the provisions of Title I, Public Law 89-10 (Elementary and Secondary Education Act of 1965), and to appropriate such funds as may be made available to the district under Federal Act for such particular projects as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such projects as it may designate including cooperating with other school districts.

8. To see if the district will vote to accept the provisions of Title III, Public Law 89-10 (Elementary and Secondary Education Act of 1965), and to appropriate such funds as may be made available to the district under said Federal Act for such particular projects as may be determined by the school board. Further, to see if the district

will authorize the school board to make application for such funds and to expend the same for such projects as it may designate including cooperating with other school districts.

9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

10. To transact any other business that may legally come before this meeting.

Given under our hands at said Clarksville this 5th day of February, 1966.

Superintendent's Report

To the School Board and the Citizens of the School District of Clarksville:

Foreword

If the age old saying "the proof is in the pudding" still holds true, and it is strongly suspected that it would be extremely difficult to come up with anything the contrary, then it would seem to follow that possibly a brief look at two of the outcomes attributed to our overall educational effort provide opportunity for comparison. The two areas we have particularly in mind, the techonological and the sociological, in so far as performance is concerned, furnish perhaps as contrasting pictures as could be chosen. Certainly, from the standpoint of the utilization of know how in the former, no matter in what direction we may look, as compared to that of a decade ago, our accomplishments have been truly phenomenal. We are told that, so tremendous has been the acceleration of the progress made during this short period of time, what has been accomplished exceeds even that of the whole previous century. And now to actually witness what is taking place in our present day space program is almost beyond comprehension.

To turn now from the first of the two pictures we are to examine to look at the second, we are struck with the contrast of the hue between the two. This second one, which has to do with how we get along with our fellowmen, does not have the luster and the definiteness that stands out so eminently in the first. It jolts us into a greater awareness of that which every single one of us very well knows, whether or not admitted, that it is one matter to determine what things can do and in getting them to do it, and that it is quite a different matter to determine what we can or should do and in getting us to do it. The distance across this wide gap between really knowing and actually doing, considered either individually or collectively, has been narrowed little if any down through the many years. How to bring these two parallel fields of endeavor nearer together is still our greatest unsolved problem, and should constitute our major educational objective. The big question is, will we ever acknowedge this grave responsibility that is ours and really face up to the challenge? Past circumvention causes one to wonder.

Teachers

As was done last year, we again have been able to employ

experienced teachers for both positions. Mrs. Marion R. Godzyk, a graduate of the University of New Hampshire, and who had taught previously in the southern part of the State before coming to Clarksville last year, has returned to teach Grades 1-4. Mrs. Ruth D. MacDonald, who received her training at the University of Vermont, and who has had a number of years of experience in that State, teaches Grades 5-8.

School Nurse — Health

We are very much pleased to report that in addition to the vitally important work customarily done by our school nurse in safeguarding the overall health of our children through the conducting of periodic checkups, physical examinations, and various clinics that a beginning has been made in dental care this year. This has been brought about by every district in the supervisory union taking advantage of a program sponsored by the State Department of Health and Welfare wherein up to a specified limit funds raised by a local school district are matched dollar for dollar for the care of children's teeth. Present plans are to expand this much needed service next year.

Building — Equipment

During the early part of the summer vacation period needed repair work on the roofs of the entrance and furnace sections of the building were completed. Outside of these roof repairs, such other work as was done was confined to replacing siding sections here and there where needed.

Equipment items purchased during the past year include 15 tubular steel open box desks with the same number of tubular steel chairs to match for the upper grade room, plus several miscellaneous small instructional materials.

Enrollment and Attendance

For the second consecutive year the enrollment is less than 30 pupils, as it is only 25 at the present time in comparison to 29 a year ago. Without question enrollments during these last two years have been the smallest in a good many years.

The average percentage of attendance last year was 98.04 for Grades 1-4, and 97.51 for Grades 7-8. No cases of tardinesses were reported. This fine attendance record is commendable.

Of the present number of 15 pupils enrolled in schools outside the district, 10 are in Pittsburg High School, two are in Pittsburg Elementary School, and three are in Canaan High School, Canaan, Vermont. The total of 13 high school

tuition pupils is the largest that it has been for six years, as it was 12, 7, 9, 12, and 9 respectively for each of the preceding five years.

Notes on the Budget

The School Board's Budget for 1966-67, which is drawn up on the basis of continuing to keep the Clarksville School open, is $25,393.00 as compared to $23,582.00 for the current year. This amount is reduced by an estimated balance of $500.00 plus anticipated proceeds from the sweepstakes of $1,000.00 which leaves $23,893.00 to be raised by taxes by the town as compared to $21,892.00 for this year. Examination of the budget breakdown found on subsequent pages in this report will show that, for the most part, provision for higher salaries, tuition costs, and supervisory union expenses explain the increase in the budget.

Conclusion

As has been done many times previously, I wish to express my sincere and deep appreciation to the members of the School Board, parents, teachers, and citizens for all the assistance and cooperation received as we have worked together down through the years to provide and maintain high standards in our schools.

Respectfully submitted,
ERNEST B. DANA
